

# LIVE LONGHORNS

You can begin your event with dignitaries being brought in with a Texas–style entrance – on a **LIVE LONGHORN**. Guests can then have their photos taken individually or in groups on the longhorn for proof that they are becoming “real” Texans. Professional animal handlers have trained longhorns that are gentle enough for even children. We have taken steers into the Fairmont Hotel, the Hyatt Regency and the Hilton Anatole. They’ve been to parades, children’s birthday parties and even a china shop!
