

# PHOTO SCAVENGER HUNT

## TEAM BUILDING

Team Building should be so much fun that at the end of the day attendees are sharing pictures of the event and posting them on Facebook. The **Photo Scavenger Hunt** guarantees that very thing will happen. With a camera, a list and a couple of hours, teams will get to know one another, share some laughs and provide the company newsletter material like none have seen before.

Teams will be given a digital camera and a list of **Photo Scavenger Hunt** treasures. All teams will have an opportunity to locate and photograph a list of treasures, custom selected for your event, like these:

- At the hotel - A photo of the team with a hotel employee, items from the gift shop, an out-of-state license or unique features of the hotel.
- At the resort - A photo of the team holding a putter in the pro shop, with their toes in the water feature or everyone wearing robes from the spa.
- Around the city - A photo of the team aboard public transportation, in front of a city landmark, at the corner of Main Street or standing in front of a 'No Standing' sign.

You will be delighted at the creativity your teams will display in the attempt to capture their treasures. A Texas Longhorn, a cowboy and a Texas celebrity can all be interpreted more than one way. Creativity often wins the Best Photo award and garners extra points for the team.

Teams can stay onsite to complete the **Photo Scavenger Hunt**, but can also get outdoors and even off-property with a venture into the streets of the city or surrounding area. Packages can be custom designed to keep everyone under one roof, for short forays (within walking distance) around the area, to use public transportation to roam the city or to provide limos or buses for a complete guided tour of the area.

At the end of the designated time, all teams will meet back at the **Photo Scavenger Hunt** headquarters. The Event Staff will download the photos, determine the winners and compile a "Best Of" PowerPoint presentation. Winners can be announced during dinner, a general session or even breakfast the next day. With the **Photo Scavenger Hunt**, not only do you have the basis for judging the cleverest team, but you also have the photos to prove it.

The Nine-banded Armadillo  
a living Texas mascot or a  
Speed Bump?

Someone on the team  
with a live longhorn?

Someone on the team with a live  
longhorn (UT Grad on left)?

Team photo or the team with a  
Dallas Cowboy?

Sam Houston  
A well-known tourist attraction  
or a Texas celebrity?

The team wearing matching shirts  
or the team in front of a trailer?

The team tasting a  
State Fair-winning food or  
displaying good taste?

The team with the Congress Bridge  
Bats—an Austin city landmark or a  
well-known tourist attraction?
