

FLY THE FRIENDLY SKIES

Come fly with me... Fly me to the moon... I believe I can fly...

Here is an opportunity for frequent fliers to use the skills they've learned at 20,000 feet in a Team Building that's sure to get team spirit soaring.

Teams can be pre-selected before the event, chosen at the event by pre-selected captains or selected at random. After all participants have cleared the security checkpoints and received their "Boarding Passes," the Team Building (and fun and laughter) begins.

Once the group is separated into teams, each team chooses a Captain, decides on the name of their "airline" and sends team members to games that use paper airplanes, balsa airplanes, luggage and carts. *Touch and Go* gives each team an opportunity to build paper airplanes and land them in a spinning wind sock. With *Smooth Landing*, each team puts together balsa wood airplanes and tries to land them safely on the runway without landing in the hole in the middle of the surface. Two members from each team participate in *Stewardess Shuffle* by navigating a narrow aisle and delivering drinks, blankets, pillows and peanuts to passengers.

After a safe **FLY THE FRIENDLY SKIES** flight, with little turbulence and no loss of cabin pressure, team rankings are displayed on the scoreboard for everyone to see which team got their wings and which team crashed and burned.
